Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
U. S. Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

Thank you very much for your letter of March 15, 1950, concerning certain articles appearing in the press about Paul Julius Klaus Fuchs. I do appreciate very much having the information in your letter and I can assure you, from personal observation, I know that one "can not believe everything one sees in the papers."

In this connection, although I am certain it is an unnecessary repetition, I should like to ask again if any more information is obtained from Fuchs, either by interrogation or by statement particularly concerning details of the atomic energy program as well as counter-espionage personalities and procedures, it would be most helpful for this Agency.

Thank you again for all your assistance.

With best personal wishes, believe me,

Sincerely,

SIGNED
